## DIRECTOR'S MESSAGE

Hope springs eternal! If there ever was an expression to accurately capture the emotions and sentiments surrounding Nevada's big game tag application process, that is it. Hope springs eternal! Although I've had some intermittent successes through the years drawing pronghorn antelope tags, deer tags, a few cow elk tags, and even a bull elk tag, when I drew my fifth and last choice with nine bonus points, I still haven't drawn any sheep tags or a mountain goat tag. Every year at this time I begin to contemplate the units in which I will apply, the increasing likelihood that I might draw, and experiences and adventures that would result if I did draw. Hope springs eternal!!

For well over two decades now, I receive my draw results and I am confronted with the reality of not drawing a sheep tag yet again and I am left to consider the possibilities. Possibly a good friend or family member will draw, and I can accompany them on their hunt. A couple years ago, my son drew the same unit in which I applied. He drew with half the number bonus points that I had. Other possibilities I consider include the possibility of never drawing certain tags, drawing at an age when my increasingly worn knees won't get me to the places inhabited by the quarry I seek, or possibly finding a way to alter the tag draw system to show a more pronounced advantage to those like me with decades of bonus points and not much more to show for it than a continued support for the agency through my tireless and steadfast pursuit for the opportunity to hunt.

After contemplating the possibilities, as my way of processing and dealing with my disappointment of not drawing, I reach the same conclusion every time, that Nevada's big game tag draw system works. The reality is that there will be people like me who, despite applying for decades, simply may never draw for certain species. Others with far fewer bonus points, like my son, will draw. Wildlife conservation relies heavily on hunter-based funding. The more people we have buying hunting licenses, applying for tags, and willing to pay for the opportunity to pursue big game in Nevada, means more resources to meet the needs of the species and their habitats. The demand for Nevada's premier hunting opportunities by far outpaces the supply. It would be wonderful to be able to meet the demand each year. Since we have more demand than we do a supply, we need to find ways to balance tag allocations to the long-time contributors while also still providing a chance to draw for the younger and newer hunting public. Without making some opportunity available to newcomers, there would not be any incentive for new hunters to apply and as such, Nevada would lose both funding and the opportunity to recruit new hunters.

I truly hope that each one of us receives good news when the draw results are emailed. However, if once again I am faced with the word "unsuccessful" relative to my bighorn sheep tag application, I will rest easy in knowing that the lack of draw success is partly due to a growing demand for the opportunity which bodes well for the future of hunting and species conservation. I also know that even if I do not draw a tag, there is a high likelihood that a good friend or family member will draw and that if they do, I can still experience Nevada's wildlife through a special and shared experience with someone I care about. Hope springs eternal!!

Sincerely,

**Tony Wasley** – Director, Nevada Department of Wildlife

## QUALIFICATIONS FOR RESIDENT LICENSES

A person is considered to be a resident of the State of Nevada if he is a citizen of, or is lawfully entitled to remain in, the United States, and during the six months next preceding his application to the Department for a license, tag or permit, he maintained his principal and permanent residence in this State; was physically present in this State, except for temporary absences; and did not purchase or apply for any resident license, tag or permit to hunt, fish or trap in another state, country or province. A person who does not maintain his principal and permanent residence in Nevada but who is attending an institution of higher learning in this State as a full-time student is eligible for a resident license, tag or permit if, during the six months next preceding his application to the Department for a license, tag or permit, he/she: was physically present in Nevada, except for temporary trips outside of the State, and did not purchase or apply for any resident license, tag or permit to hunt, fish or trap in another state, country or province. A resident license, tag or permit issued by this State is void if the person to whom it was issued establishes or maintains

his principal and permanent residence in and obtains any hunting, fishing or trapping privilege or entitlement conditional on residency from another state, country or province. Principal and permanent residence means a place where a person is legally domiciled and maintains a permanent habitation in which he lives. The term does not include merely owning a residence in the state (NRS 502.015).

## MILITARY STATIONED IN NEVADA

Any member of the Armed Forces of the United States who has been assigned to permanent duty, as opposed to temporary or casual duty, within the State of Nevada qualifies for all necessary hunting or fishing licenses, tags or permits for fishing, hunting or trapping in the State of Nevada. A like privilege must be extended to spouses and dependents, under the age of 21, of such members of the Armed Forces. All such licenses, tags or permits must be issued on the same terms and conditions and at the same costs as licenses, tags or permits are issued to Nevada residents, except that the 6 months' residence requirement must be waived (Per NRS 502.070).

# NEVADA ELIGIBILITY INFORMATION

In addition to antlered and antlerless elk, an applicant may also apply for antlered depredation and antlerless depredation hunts. Be advised that once an elk tag is drawn, all remaining elk applications become unsuccessful.

## ELK ELIGIBILITY Q&A

**Q: Can I put in for both a antlered tag and an antlerless elk tag?**

**A: Yes.** However, you may only obtain one (1) elk tag in the same draw. Applications for antlered elk will be evaluated and assigned if eligibility and quota requirements remain available before applications for an antlerless cow or spike elk are evaluated.

**Q: How many elk tags could I obtain in the draw?**

**A: Only one (1) elk tag may be obtained in the same draw regardless of sex or antler class.**

**Q: Can I apply for the antlered elk and the spike elk hunt in the same draw?**

**A: Yes.** However, you may only obtain one (1) elk tag in the same draw. Applications for antlered elk tags will be evaluated and assigned if eligibility and quota requirements remain available before applications for spike elk are evaluated.

**Q: I put in for antlered elk. Can I apply for the spike elk hunt and the antlered elk depredation hunt in the same draw?**

**A: Yes.** However, you may only obtain one (1) elk tag in the same draw. Applications for antlered elk

and antlered elk depredation tags will be evaluated at the same time. Tags will be assigned if eligibility and quota requirements remain available before applications for spike elk are evaluated.

**Q: I am in a waiting period for antlered elk, can I apply for the spike bull hunt?**

**A: Yes.**

**Q: I am eligible for antlered elk. Can I apply for the antlered elk hunt, the antlered elk depredation hunt, the spike elk hunt, the antlerless elk hunt, and the antlerless elk depredation hunt?**

**A: Yes.** However, you may only obtain one (1) elk tag in the same draw. Applications for antlered elk and antlered elk depredation tags will be evaluated at the same time. Tags will be assigned if eligibility and quota requirements remain available. Next, antlerless elk and antlerless elk depredation applications will be evaluated at the same time and assigned if eligibility and quota requirements remain available. Spike elk applications will be evaluated last.

**Q: Can I earn bonus points on the spike elk hunt if unsuccessful?**

**A: Yes.**

**Q: Can I apply for both the spike elk hunt and an antlerless elk hunt in the same draw?**

**A: Yes.** However, you may only obtain one (1) elk tag in the same draw. Applications for antlerless elk will be assigned if eligibility and quota requirements remain available before applications for spike elk are evaluated.

## RAM AND EWE SHEEP ELIGIBILITY Q&A

**Q: I am eligible for a bighorn sheep ram hunt (Desert or California). Can I apply for the bighorn sheep ewe hunt?**

**A: Yes,** if you are eligible for both. However, you will only be able to obtain one tag in the same subspecies.

**Q: I am eligible for a Rocky Mountain ram hunt. Can I apply for the Desert and California bighorn ewe hunt?**

**A: Yes.** As long as you are eligible for those hunts.

## HOW DOES THE DRAW SYSTEM WORK?

All applications, regardless of species or gender, are assigned a random number. Applications with bonus points are assigned additional random numbers by squaring the bonus point total and adding one for the current year (however only the lowest number within the bonus point application is used). Applications are drawn in sequential order starting with the lowest random number then evaluated within the following group order:

### GROUP #1

Silver State, Partnership in Wildlife (PIW), and Junior Mule Deer

### GROUP #2

Rocky Mountain Bighorn Sheep Ram, California Bighorn Sheep Ram, Nelson (Desert) Bighorn Sheep Ram, Elk Antlered, Elk Depredation Antlered, Antelope Horns Longer than Ears, Mule Deer Antlered, Mountain Goat, and Bear.

### GROUP #3

California Bighorn Sheep Ewe, Nelson (Desert) bighorn Sheep Ewe, Elk Antlerless, Elk Depredation Antlerless, Antelope Horns Shorter than Ears, and Mule Deer Antlerless.

### GROUP #4

Spike Elk

This allows applicants to put in for all species and gender classifications they wish to hunt, without worry of drawing a less preferred tag over a more preferred, due to changes in eligibility requirements (i.e. because you are now only allowed to draw a single tag for each species or subspecies category). For instance, in this draw order, if you draw an Antlered Elk tag early in the draw process, your application for Antlerless Elk will not be considered. However, you can apply for both Antlered and Antlerless Elk in the same draw and not worry about your Antlerless tag being drawn first before Antlered Elk.

# NEVADA BIG GAME SEASONS (CR 21-03)

## LIMITS AND HOURS

The limit is one animal per tag and the hunting hours are one-half hour before sunrise to one-half hour after sunset for all big game hunts, unless otherwise specified.

**Important:** The quotas listed are from the 2020 big game seasons. Big game quotas will not be set until the May 2021 Commission meeting in order to accommodate the most current data on big game herds. New hunts, dates or units added to a hunt are marked in **bold blue italics**.

**Note:** Standard dates for opening and closing of seasons are set by calendar date and not based on a Saturday opening and Sunday closing.

## BEFORE YOU APPLY

The Department maintains several informational resources on our website at [www.ndow.org](http://www.ndow.org) to help with planning your hunt including: Hunter Information Sheets (facts on terrain, vegetation, land ownership, hunter access, map references, local services and recommended hunting areas), hunt application advisories, big game demand, hunter success rates, harvest point class and big horn sheep age and scores.

## BIG GAME MAIN DRAW ELECTRONIC TAG RETURN

Within seven (7) days of public release of draw results, the successful tag recipient can choose to electronically return his or her tag at [ndowlicensing.com](http://ndowlicensing.com).

## IMPORTANT INFORMATION FOR 2021

### First-Come First-Served

New to this year is an enhanced First-Come-First-Served (FCFS) queue that will be accessible in our NDOW Licensing System. This queue offers NDOW customers the ability to purchase any tags remaining after the second draw or any returned tags without an eligible alternate. Just for the FCFS, the residency eligibility will not be restricted to tags within the queue. So, a non-resident can purchase a resident tag at the non-resident price and vice-versa. The only exception is for the junior mule deer/antlerless mule deer tags, which will only be available to eligible resident juniors.

### Tag Transfer and Deference

- You now have the choice to defer a tag or restore your bonus points if you experience an extenuating circumstance between the 14-day window of the tag return deadline and the start of the hunt. A tag holder can transfer their tag to another eligible person if the tag holder is diagnosed as terminally ill after drawing the tag. Both the tag holder and the transferee would be subject to all eligibility restrictions. An extenuating circumstance is defined in NAC502.422 and must be accompanied by documentation evidence and verified by the Department before approval.

### Bonus Points

- An 11-year-old junior who will turn 12 before the beginning of the last season on their application is eligible to apply for a bonus point.

- Active members in the armed forces who are stationed outside of the US and lose their bonus points due to a lapse in applying may now be refunded their lost points after they return to the country.
- Party hunt members are able to return their party tag to the Department but will not receive a refund in bonus points unless all members of that party also return their tags to the Department.

### New Hunts

- NDOW has added several new hunts for the upcoming season including 20 new Resident Muzzleloader Antelope Horns Longer than ears seasons, nine new Nonresident Muzzleloader Antelope Horns Longer than Ears seasons, and one new Resident Antelope Horns Shorter than Ears season in Unit 043-046.

## HELICOPTERS AND YOUR HUNT

Each year, the Nevada Department of Wildlife conducts about 1000 hours of surveys with two Department helicopters to determine the productivity and distribution of wildlife species from mule deer to eagles. Wildlife surveys are essential to harvest regulation, and the Department strives to avoid conducting surveys during hunting seasons. Unfortunately, due to weather and demands associated with optimal survey timing, the Department sometimes must conduct surveys during seasons when a hunt may be ongoing. We are asking hunters to recognize that a survey may occur during any open hunting season, although the Department will do its best to reduce this to the extent possible.

## JUNIOR MULE DEER HUNTS

## ANTLERED OR ANTLERLESS

Junior youth tag holders can harvest an antlered or antlerless deer. This tag allows the junior hunter to hunt during the archery season when the unit is open for archery only; to hunt with a muzzleloader when the unit is open for muzzleloader only; and to hunt with any legal weapon when the unit is open for any legal weapon. If a junior hunt applicant is unsuccessful in drawing a tag, bonus points will be awarded for the junior hunt.

**Note:** Any bonus points accrued in the junior hunt will automatically transfer to the antlered deer category at the time the junior hunter becomes ineligible for the junior hunt by either age, or after 5 years of application for the junior hunt.

Junior youth must be 12 years old prior to the opening of each hunt choice applied for (usually Archery), and will not attain their 18th birthday until after the last day of the last season applied for (usually Any Legal Weapon). An eligible junior hunter may apply no more than 5 years.

## PARTNERSHIP IN WILDLIFE (PIW) HUNTS (CR 21-09)

Partnership In Wildlife (PIW) is a voluntary and optional participation program that offers unique hunting opportunities for a few state-wide big game tags. A person with a PIW tag may hunt with an authorized weapon in any unit with an open season for the species listed on the tag during the season dates when that unit is open for that species and weapon class.

### APPLICATION INSTRUCTIONS

Applicants who are eligible and apply for hunts in the big game main draw can also apply for PIW hunts for antlered deer, antelope horns longer than ears, Nelson (desert) bighorn sheep ram, antlered elk, and California bighorn sheep ram. The PIW application fee is an additional \$10 for each species, which is deposited into the Wildlife Heritage Trust Account.

### FUNDS BENEFIT WILDLIFE HERITAGE TRUST

The funds raised through PIW applications are placed in the Wildlife Heritage Trust Account. Nevada statute allows 75% of the money deposited into this account, 100% of the interest earned on the account during the previous year, and a portion of the principle to be used by the Department for the protection, propagation, restoration, transplantation, introduction, and management of any game fish, bird, or mammal and the management and control of predatory wildlife in the state. The Nevada Board of Wildlife Commissioners is responsible for reviewing and approving expenditures from this account.

Every year a number of wildlife management projects are funded by the Wildlife Heritage Trust account. PIW promises to benefit Nevada's wildlife by providing financial support to the Wildlife Heritage Trust account and the sportsmen and women who support Nevada wildlife by providing additional, unique hunting opportunities that would not otherwise be available in the state.

**Archery Disability Permit:** A person with a permanent physical disability can now qualify for a permit that authorizes them to use a crossbow or a bow that uses a mechanical device that can anchor a nocked arrow at full draw or partial full draw during an archery hunt.

As used for this permit, "permanent disability" means a disability which prohibits a person from manually drawing and holding a legal bow at full draw. Contact your local NDOW Office for information.

## HUNTER EDUCATION REQUIREMENTS

to purchase a Nevada hunting license. Proof of Hunter Education is an official Hunter Education card or certificate from any state or Canadian province, with the Hunter Education number and state or provincial logo or seal or a previous year's hunting license with the Hunter Education number or mark. If you have taken a hunter education class in another state or Canadian province, verification must be provided. (NRS 502.330)

## BONUS POINT INFORMATION

### WHAT IS A BONUS POINT?

An accumulated credit (or point) that authorizes the Department to issue an applicant additional computer generated random draw numbers during a draw. One point is accumulated for every application that is unsuccessful in the computerized draw for an established species category. The bonus point system grants an applicant one random draw number for each bonus point that has been accumulated going into the drawing for that species category. Each bonus point random draw number is in addition to the application random draw number. The total number of accumulated points is squared and added to the current application to arrive at the total number of random draw numbers that will be assigned

## SHOOTING CAN CAUSE WILDFIRES

- ✓ Choose not to shoot on hot, dry and windy days
- ✓ Exploding targets, incendiary rounds and tracer ammunition are illegal on all public lands
- ✓ Don't shoot into rocks or metal objects and place targets in areas free of vegetation
- ✓ Always have water, a shovel and fire extinguisher ready in case a fire starts
- ✓ Clean up all targets and shells and pack them out

to the application for that species category (e.g. Hunter has two bonus points entering draw:  $2^2 (2 \times 2 = 4) + 1$  (for current application) = 5. Applicant receives five random numbers for draw) This system provides applicants with an added chance of receiving a low random number in the draw, hence improving their draw odds, while still providing a chance (no matter how small) for any applicant.

### BONUS POINT PROGRAM GUIDELINES NAC 502.4187-4189 AND NAC 502.4225

Residents and nonresident tag applicants receive bonus points for all hunts that have a quota set by the Wildlife Commission when they are unsuccessful in drawing a tag through the computerized random draw system. In addition to deer, elk, antelope, sheep, goat and black bear applicants also receive bonus points for wild turkey. Prior to applying or during the application process applicants must purchase the hunting or combination hunting and fishing license to earn bonus points.

Bonus points are awarded by specific species categories, each encompassing all separate weapons hunts available in that category. These categories are: antlered mule deer, antlerless mule deer, antlered Rocky Mountain elk, antlerless Rocky Mountain elk (antlerless elk), spike Rocky Mountain elk, Pronghorn antelope whose horns are longer than their ears, Pronghorn

antelope whose horns are shorter than their ears, mountain goat and black bear. Rams, from each of the following subspecies: Nelson (desert) bighorn sheep, California bighorn sheep and Rocky Mountain bighorn sheep. Ewes, from each of the following subspecies: Nelson (desert) bighorn sheep, California bighorn sheep and Rocky Mountain bighorn sheep.

Those points cannot be transferred to another person or into another species category.

Applicants are only able to accumulate one bonus point per species category per hunting license. So, if you applied for any legal weapon tag and were unsuccessful, and then applied for an archery tag in a separate draw, and were unsuccessful, you still only accrue one point because these are both in the antlered deer category.

However, if you apply for any legal weapon tag, and are unsuccessful, and then apply for a doe tag in separate draws, and are unsuccessful, you would receive a bonus point for each because they are in two different categories — antlered deer and antlerless deer. Depredation and management hunts do not earn bonus points.

Those applying as a "party hunt" will have their points averaged (total points of all hunters in the party, divided by the number of hunters) and rounded to the closest whole number. Bonus points are squared by species category,

resulting in the number of draw numbers that an individual hunter or hunt party will receive in that drawing.

A hunter's bonus points revert to zero in a particular species category when he is successful at obtaining a tag or fails to apply for two consecutive years.

Because the draw numbers that determine whether or not a hunter draws a tag are generated randomly across all applications, there is no guarantee that a hunter will draw a tag for the species category because he or she may have more bonus points than anyone else.

### BONUS POINT PROGRAM EXCEPTIONS NAC 502.4187

Bonus points are not awarded for depredation hunts or management hunts. (Refer to NACs 502.4188 and 502.4189)

## REFUND OF FEE FOR HUNTING LICENSE – LOSS OF BONUS POINTS

## 10<sup>th</sup> Annual Wounded Hero Hunt

The Nevada Outfitters and Guides Association (NOGA) provided a U.S. military person with a free elk tag and guided week-long Nevada hunting trip during the 2020 fall hunting season.

Henry Krenka - President • 775-779-2268 Walt Gardner - Vice-President • 775-779-2201  
 Paul Strasdin - Treasurer • 775-423-6171 Rachel Buzzetti - Staff-Secretary • 775-738-4082

This Year's Wounded Hero:  
Daniel Tingle

This year's wounded hero is Daniel Tingle, Iraq veteran, from Minden, Nevada. He has two older brothers and a younger sister. He had wanted to be a soldier in the military as long as he can remember. His father, mother, and grandfather had all been in the Navy prior to Daniel's arrival. After 9/11 happened it solidified for Daniel that he wanted to join the military. Once he graduated from Douglas High School in 2004, he jumped at the chance and he joined the Army in 2004. He was sent to basic training in Louisville, Kentucky where he finished basic as a Cavalry Scout, in 19 Delta (a combat soldier). After basic training, he was assigned to Fort Carson, Colorado in early 2005. This is also where he met his wife of 13 years and mother of his 4 children. After being stationed in Iraq for 8 months and experiencing 32 different explosions; Daniel was hit by three mortar rounds. Two hit his left side, which took out the middle section of his left foot, and one landed on his right side which left shrapnel in his right foot, ankle, and leg. After he was evaluated, Daniel was diagnosed with PTSD (Post Traumatic Stress Disorder) and TBI (traumatic Brain Injury), along with his injuries to his feet. To address his foot injury it was decided they would try an experimental surgery to rebuild the middle section of his foot. They did this by taking bone from his left hip, and a skin graft from his left leg. The doctors then rebuilt his foot by fusing the hip bone to the remaining bones in his foot. When surgery was completed the middle of his foot was completely solid bone with a metal plate and screws holding everything together. Daniel was medically retired from the Army in April of 2009. As the years progressed and he tried to live a normal life, he was limited by the constant pain. In 2014 he went in for his 26th foot surgery which was unsuccessful. So in December of 2015 Daniel underwent his final surgery to amputate his leg/foot just below the knee. While the amputation provides its own set of challenges, his limitations have declined and he is now able to enjoy things with less pain. He enjoys his children, hunting, riding horses & riding motorcycles.
